

Contemporary Pot Rack

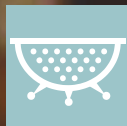

Available In Brushed Nickel or
Antique Bronze

Light[®]
C O N C E P T S
by Lithonia Lighting

The Contemporary Pot Rack from Light Concepts features a brushed nickel or antique bronze finish with adjustable cables and hooks that hold pots, pans, kitchen utensils and glasses. Uplight illuminates the form of the Pot Rack while downlight makes it fully functional. Switch between both or use simultaneously with the pull chain.

The halogen downlights are the perfect solution for task lighting over a kitchen island. Turn them on and off with the pull chain.

Contemporary Pot Rack

Available In Brushed Nickel or
Antique Bronze

Brushed Nickel
116PRL PST

Antique Bronze
116PRL BZA
